Professional Summary

I am a dedicated and passionate Bachelor of Science in Information Technology (BSIT) student in my second year at Eastern Visayas State University. I have a strong foundation in programming, web development, and problem-solving. My goal is to develop innovative and efficient technological solutions while continuously enhancing my skills in software development. I am a quick learner, highly motivated, and thrive in team-oriented environments.

Education

- **Eastern Visayas State University** (2022 - Present)
Bachelor of Science in Information Technology (BSIT)
- **Hilongos National Vocational School** (Senior High School, 2022 - 2023)
- **Hilongos National Vocational Senior High School** (High School, 2020 - 2021)
